The reason why Avnet is chosen by the experts

With proven experience stretching back to 1921, Avnet has spent over 80 years accelerating the success of partners. Business Partners and Suppliers choose Avnet for many different reasons. The top four reasons that make Avnet stand out as a preferred partner include:

Financial strength - Avnet’s financial strength enables investment in shared profitable growth opportunities for Business Partners and Suppliers. Avnet is dedicated to accelerating the success of Business Partners and Suppliers by providing the services, resources and knowledge needed to capitalise on growth opportunities.

Global scale - Avnet understands how to do business locally in each of the countries it serves. This expertise helps Business Partners and Suppliers enter new geographies more efficiently and capitalise on international business opportunities.

Supplier reach - Avnet’s position as a trusted advisor to Business Partners is made possible by the choice offered through an impressive Supplier portfolio of preferred IT brands. Avnet has built an ecosystem of highly trained and knowledgeable Business Partners who serve as extensions of Suppliers’ sales forces, driving brand preference.

Market led - Avnet collaborates with Business Partners and Suppliers to create and deliver effective data centre solutions based on local market needs that solve the business challenges of their end-user customers.
