

Accelerating Your Success™

Our Portfolio at a Glance

September 2009

Trust the company that is trusted by **the experts**

Avnet Technology Solutions is a value-added distributor of enterprise-computing products, solutions, software and services with locations in 34 countries. As a global technology organisation, Avnet has sales divisions focused on specific market segments and a strategy enabling an exceptional level of attention to the needs of its customers and suppliers.

Our product and solution offerings include:

- Computer Components
- Displays
- Document Management Technologies
- Embedded Solutions
- Networking & Security
- Server & Infrastructure
- Server Based Computing
- Services
- Software
- Storage
- Unified Communications
- Virtualisation
- Wireless & Mobility.

As a leading distributor of computing technologies and services, Avnet connects its partners to more customers and more solutions. Our comprehensive suite of services and established partnerships with leading technology providers, ensures that you have the right combination of resources to capture new revenue generating opportunities.

Our customers include:

- Independent Software Vendors (ISVs)
- Original Equipment Manufacturers (OEMs)
- Service Providers
- System Builders
- System Integrators
- Value Added Resellers (VARs).

An operating group of Avnet, Inc. (NYSE:AVT), Avnet Technology Solutions posted US \$7,04 billion in revenue for the fiscal year ending 27th June 2009.

Avnet Inc. – facts and figures

Fortune 500 (2009 Rank # 144)
Revenue in fiscal year 2009: US \$ 16,23 billion
Listed NYSE: AVT
Incorporated: 1955
Went Public: 1959
CEO: Roy Vallee
Global Headquarters: Phoenix, Arizona
Sales within > 70 Countries

Networking & Security

Using the vendors listed in this section Avnet can help with:

- Application Delivery (Application Security and Application Performance)
- Non-Stop Networks (Network Infrastructure, Network Security, Core Network Services and Network Management)
- Secure Mobility (Remote Access, Access Control and Wireless Networking)
- Unified Communications (Unified Applications and Converged Networking).

Network Infrastructure**Aruba Networks**

WLAN and Enterprise mobility solutions
Tel: 01256 365 500
