

Accelerating Your Success™

Our Portfolio at a Glance

January 2012

Avnet Technology Solutions (Avnet) is a global IT solutions distributor of enterprise-computing solutions, services, software and hardware. Avnet collaborates with its customers and suppliers to create and deliver market led solutions that address the IT business needs of their end-user customers locally and around the world.

Avnet's customers include:

- Independent Software Vendors (ISVs)
- Consultancy Service Organisations
- Direct Mail Retailers
- Original Equipment Manufacturers (OEMs)
- Service Providers
- System Builders
- System Integrators
- Value-Added Resellers (VARs).

Avnet's financial strength enables investment in shared profitable growth opportunities for customers and suppliers. Global scale provides reach to over 70+ countries in existing and emerging markets. Avnet's position as a trusted advisor to its customers is made possible by the choice offered through an impressive supplier portfolio of preferred IT brands. With years of proven experience stretching back to 1921, Avnet has teams of sales, technical and marketing experts in the following technology areas:

- Computer Components & Integrated Solutions
- Display Solutions
- Document Management Technologies
- Electronic Point-of-Sale
- Networking & Security
- Server & Infrastructure
- Server Based Computing
- Services
- Software
- Storage & SAN
- Unified Communications
- Virtualisation
- Wireless & Mobility.

An operating group of Avnet, Inc. (NYSE:AVT), Avnet Technology Solutions posted US \$11.5 billion in revenue for the fiscal year ending 1st July 2011.

Avnet Inc. – facts and figures
Fortune 500 (2011 Rank # 132)
Revenue in fiscal year 2011: US \$26.5 billion
Listed NYSE: AVT
Incorporated: 1955
Went Public: 1959
CEO: Rick Hamada
Global Headquarters: Phoenix, Arizona
Sales within 70+ countries

Trust the company that is trusted by the experts
